

Gas Regulator Building

Herrick Archives Number H 907

A. IDENTIFICATION & LOCATION

1. Name

1.1 Building was never officially named by Board of Trustees.

1.2 Alternate names noted:

Gas House

2. Location

2.1 Located at 162 West Nineteenth Avenue (arbitrarily assigned for indexing purposes). See map below.

2.2 For greater detail, see Sheet 84 in the book of campus maps in the University Archives.

For Identification of other buildings shown, see Appendix A.

3. General Description

3.1 Type of construction:

Brick

3.2 No. of stories:

One

3.3 Increments of construction:

None

3.4 Size of building:

No records. This building appears on plot plans for Buildings 036, 074, and 110. From these plans, Building H 907 appears to have been 9 to 10 ft. wide and 17 to 19 ft. long.

B. PLANNING & CONSTRUCTION

Cabinet on April 11, 1929 voted to allow the gas company to install a gas regulator building in the rear of the Engineering Experiment Station building (027). Presumably the building was constructed promptly.

C. DEMOLITION

The general contract for the remodeling of Boyd Laboratory (110) included the removal of H 907. This contract was awarded April 17, 1974.
